With only 9 days left before the end of term, there's still plenty to look forward to—especially our upcoming Sports Day next Wednesday!

We've made a few changes this year in response to feedback from parents, students, and staff, so please take a moment to review the day's program, which has been emailed to all families. We're looking forward to a fun and active day together!

See page 4 for details.

Our Guess the Staff initiative has been a huge success! It's been a fun and engaging way to build stronger connections across our school community. A big thank you to our student leaders in the Learning Commission, who have done a fantastic job leading the way and helping foster relationships throughout the school.

Our students involved in the NT Beat performances—as dancers and choir members—have been working hard in preparation for their major performance in September. With a total of 60 students representing our school, it’s something we can all be very proud of! I’ll keep everyone posted on when tickets go on sale.

Our BEAT Choir members went on an excursion this week for the group practice at Sanderson middle school.

And lastly

Whether you’re out camping this long weekend or just chillaxing at home, stay safe and enjoy the beautiful weather! I might even bump into some of you at the Glenti. :)

“Growing and learning together through curiosity, creativity, and collaboration”

Danielle Banicek, Principal

5/6 Yeni NEWS LETTER

❤️ The Parliament House Excursion ❤️

On the 26th of May our class was given an opportunity to go and visit the parliament house. We went on a big bus to the city so we could go to the parliament house.

When we arrived, we were directed by Ms. Kerry. We were looking at the NT flower emblem on the floor that represent with 7 petals, representing the states and territory in Australia. The mosaic was made by Geoff Todd. We were looking at all the cool things in the building, like the portrait paintings of the politicians. It was so good and amazing. After, we were shown the meeting place, then we did a voting practice with Mr. John. It was so funny; we all had a great time.

TIMELINE PROJECT IN HASS

TIMELINE PROJECT

Our class did a timeline project is based on the Australian migration from 1788- The First Fleet to 'Present day' and we had to research about the big events during that time and put details and facts as well. It took a few weeks, but we got through and we are all extremely proud of our timeline. We also had to add the Australian Federation since it brought all 6 colonies together and formed, what we live in today, Australia.

BREAKING NEWS: STUDENTS ACTUALLY HAVING FUN DOING WORK?

In science, we have been focusing on animal adaptations, and we have been making dioramas about the chosen animal we have picked, and some of these kids have gone all out on it with painting, decorations and more. Here is an example.

WORKING IN GROUPS – DESIGN AND TECHNOLOGIES

In Design and Technologies, we worked in groups to plan, design, and create a solution to a real-world problem. We shared ideas, listened to each other, and divided tasks to use everyone's strengths. Working as a team helped us build communication, problem-solving, and collaboration skills. We learned how important it is to work cooperatively, manage time, and adapt when things don't go as planned. Our group is proud of what we created together!

We are seeking donations of shorts
in size 2, 4, 6 and 8.

If your child has outgrown their shorts,
please consider donating at the office.

Tuning in to Kids®

A free six session
parenting program to help parents
respond to children's emotions and
needs in a healthy way

This course covers the following:

- How to communicate effectively with your child
- Understanding your child's emotions
- Learn strategies to develop emotional intelligence
- How to teach your child to deal with conflict in a healthy way

Please contact Bree James on 0428 207 765
or bree.james@teamhealth.asn.au
